Not a lot to go on here. A call to Nick Hodgett didn't produce much more - he awaits revised plans according to his discussions with the developers.

Derek

Derek

Sorry to miss your call – cricket week going very well though.

We seem to be going round in a few circles with the Local Authority and they keep asking for further tweaks and alterations to the scheme. To be honest, I suggest the best thing for you to do is to contact Nick Hodgett for an update as that is the correct path for contact but I would imagine that they may re-consult with you once they are happy. Sorry I can't be more helpful, but whatever we seem to do seems to merely encourage more requests for further alterations. I'm sure we'll get there though.

Barker's signs is a rethink.....

With best wishes.

Good afternoon, Ross

I tried calling earlier this afternoon, but you were out.

Do you mind giving me an update on the current position with the bowls green application, and is there any further news on the application on the Barkers site?

We have a meeting next week and it would be helpful to know what progress, if any, has been made on these developments.

Kind regards

Derek
